## The Ship

There has been a pub on these grounds since 1780, but had a major rebuild in the 1860's - although trading under many names it has maintained the name of The Ship for some decades now. The Ship has a claim to cinematic fame; it appeared in the 1971 British film Melody (check out the footage on our website), which became a cult classic...in Japan!

We aim to carry on what has happened for the many centuries before us, and keep you all happy and merry with our fantastic wines, delicious food and entertainment for many more years to come.

Welcome Aboard,
